Worst Sight Ever Seen. Legs, Hands, Arms, Body One Solid, Deep, Running Sore.

Began Using Cuticura. In Two Weeks Great Improvement Followed

by a Complete Cure.

My child began to be sore when two months old,
—Eczems on his face and head. It rapidly
spread over all his body. Every one who saw
him said he was the worst sight they ever saw.

He had to be wound
in linen cloths ever so
many times a day, and
then he would stick
fast to his clothes. I
could not dress him
alone for months. His
little legs, hands, and
arms were just one solid
deep running sore: he
was sore all over, but
the deepest ones were
on his arms, lega, and
face. His face and cars
had great deep cracks
in the fleeh, and were
swollen so that he did not look like a child. His were
the worst sores I have ever seen of the kind. We
began using the CUTICURA REMEDIES, and in two
weeks we could see a great improvement, and
now he is completely cured. His skin is smooth
and white, and he seems entirely well. We are so
thankful. Portrait inclosed. I would like to tell
everyone who has a suffering baby about CUTICURA.
